## MUCH FIGHTING REPORTED UPON CHINESE LINES

**Choking Troops Withstanding Attacks, Though Kinmen Makes Mile Gain Just South of Lihoo**

## FEW CASUALTIES

**But 200 Dead and Wounded in Choking Forces—Guns Fired in Haphazard Manner, Aiming Not Attempted**

(By the Associated Press)

Shanghai, Sept. 7. — Engagements were reported today in all sectors, including Choking in Chekiang province, about 100 miles southwest of Shanghai, and Huchuan, in Kiangsu province, on the southeast barely 50 miles to the northwest of Shanghai.

An eye witness, returning tonight from Lihoo, reported that the Choking troops were withstanding all attacks, though the Kinmen line has been advanced about a mile just south of Lihoo. The deserted town was under heavy shell fire and continuous machine gun and rifle fire of both sides. General Ho Feng-Ling, defense commissioner of Shanghai under Lu Yung-Hsiang, the governor of Chekiang, spent the day in this sector personally directing the Choking army.

The Choking dead and wounded were reported today numbered perhaps 200. The number of casualties continues out of proportion to the tremendous amount of firing. The eye witness related the haphazard methods on the front lines, saying that the soldiers were discharging rifles and even field pieces utterly regardless of aiming, often simply pointing them at the sky.

**Two Battalions Reported as Deserting**

Lungwa headquarters of the Choking army claimed new gains along the railway. Desperate attacks were aimed at Anling.

Only the most meager reports were received of the fighting west and southwest of Taihu lake, where the Kinmen troops were said to be driving for the Sung Kiang-Hangnan railway.

It was reported that two whole battalions of Kinmen troops had deserted and joined the enemy, bringing with them their arms and equipment. Neither were the Shanghai settlement police able to confirm the rumor that Kinmen supporters were secretly recruiting in Shanghai a regiment of "riff raff" to strike at the rear of the Choking army as soon as Kinmen forces secure heavy gains against Wusong, a suburb.

**Sun Yat Sen to Lead Forces**

The telegram states Chang's determination "for the sake of our nation" to "lead my army." He swears to "lead the country of the people," thereby removing the obstacles to national peace and reviving the vitality of the people.

The alleged offenses which the circular sets forth against the Pekin leaders include bribing parliament, seizing the highest positions, settling the Austrian loan, recognition of the Chinese bonds, and seizing the lower judiciary for military purposes.

A Chinese news agency reported that Sun Yat Sen, head of the Chinese government and reputed ally of Chiang Tiao-Lin, because of their common desire to overthrow the Pekin government, was interviewed and declared his intention of starting a northern expedition leaving Canton for the Kiangsi border tomorrow to aid the Choking army.

**Pekin Revokes Lu's Official Status**

(By the Associated Press)

Peking, Sept. 7. — Following a special cabinet meeting today, a mandate was issued to revoke the official status of Lu Hsiang-shan, military governor of Chekiang, who is decrying Choking and defense commissioner of Shanghai and of their officials. The mandate orders General Chih Shieh-Yuan, military governor of Kiangsu, to send an expedition to force "those rebels" to return to the central government and also to restore order and to take the necessary measures to protect foreign life and property.

For several days Governor Chi has been at odds with Governor Lu's forces west and north of Shanghai.

**Manchurian Chief Declares War**

(By the Associated Press)

Shanghai, Sept. 7. — General Ching Tiao-Lin, the Manchurian warlord, has declared war against the Pekin government and General Wu Pei-Fu, the military dictator of the province of Chihli.

Lungwa headquarters of the Choking army defending Shanghai and Chekiang province against forces allied with the Pekin government, made public today a characteristic ultimatum of 1,400 words from the Manchurian chief. The ultimatum accuses the "criminals" charged against Tiao-Lin, president of the Chinese republic, and the general, Wu Pei-Fu, for commander-in-chief, and for military action against them.

**SNOW FALLS IN STATE**

Dunkirk, Sept. 7. — Snow fell near Conemaugh lake and Dayton this morning, the first time in 25 years that snow has fallen in that night.

## GIRL REFORMERS CAUSED DOWNFALL

**Loeb Tells Friend She Made Him Feel Devilish, While Others Made Him Feel Devilish**

Chicago, Sept. 7. — Girl friends who tried to reform him, making him "feel devilish and mysterious instead of stupid," was ascribed the reason for his downfall by Richard Loeb, it developed today when a conversation he had held with a girl school mate was made public. Loeb and Nathan Leopold, Jr., are to be sentenced Wednesday for the murder of young Robert Frank. The girl friend, who called at the county jail to see Loeb recently, recalled today that she had blurted to the young college student: "You're just plain stupid. I'd never have believed it of you."

"His eyes fell and the most ashamed expression crossed his face—you know being stupid is the only crime in Dixie's lexicon," she said.

"If the girls who try to reform me had made me feel as stupid as you do, I might not be here waiting to learn whether I'm to be hanged or sent away for life. The others made me feel so devilish and mysterious," she quoted Loeb as saying.

Judge John R. Caverly, who faces the task of telling the two boys what penalty they must pay, remained in the city today instead of going away as he had planned. He assigned Mrs. Caverly's nervous condition, due to an anonymous "crank" telephone message she recently received, as the cause. The caller told her that the judge had been assassinated.

## RAILROADS INDICATE SMALLER EARNINGS

**July Revenue 10.2 Per Cent Under Same Month Last Year—Higher Than June, However**

New York, Sept. 7. — Class 1 railroads of the United States representing a total mileage of 235,725, reported gross operating revenues of \$451,236,200 for July, the bureau of railway economics announced today. This was a decrease of \$24,144,000, or 5.2 per cent, under the same month last year. Net operating income of \$74,027,600 was \$10,838,800 lower than in July, 1923, but about \$9,000,000 above June of this year.

One of the outstanding features of the report was a reduction of \$45,000,000 in operating expenses to \$399,711,000 as compared with the corresponding month last year.

Net income of the Class 1 roads for the first seven months this year totaled \$465,616,501, which would give an annual rate of return of 4.07 per cent on property investments as compared with 4.57 per cent for the same period in 1923.

## TREASURY WILL BORROW BUT \$350,000,000 AT THIS TIME

Washington, Sept. 7. — Fiscal operations of the government are continuing to shrink according to plans for September financing announced tonight by Secretary Mellon, and the treasury expects to go through the next three months with new borrowings of only \$350,000,000.

As the first step in meeting government requirements between September 15 and December 15, Mr. Mellon announced an issue of treasury certificates of \$100,000,000 for the \$350,000,000 which is expected to be sufficient, with other resources, to carry on until tax payments are received in December. The new loan will bear interest at two and three-quarters per cent—the same as the last issue—and will mature in one year.

## AUTO WRECKED; TWO DEAD; 2 OTHER PERSONS MAY DIE

Cumtong, Sept. 7. — Two men were killed and four persons were injured, two seriously, when their motor car was wrecked today at a sharp curve near Cumtong Landing, a few miles south of Canton. Thomas Conkley and James Gallagher were almost instantly killed, and Leo Gallagher and Benjamin A. Conkley were seriously hurt that their physicians said their chances for recovery were slight. Both had their skulls fractured. John Howard and Anna Basz, the other two occupants of the car, were cut and bruised. All were Philadelphiaans.

The car, driven by Gallagher, and which the police said had been stolen, was traveling at high speed.

## I. C. C. TO OPEN HEARINGS

Washington, Sept. 7. — The Interstate Commerce commission will open hearings here tomorrow on a joint application of the Southern Pacific company and the El Paso & Southern Railway company, under which the two companies would be merged through acquisition by the Southern Pacific of stock and control by lease of the El Paso road. Under the proposed merger, the Southern Pacific would acquire all outstanding capital stock of the El Paso system, including the various railroad subsidiaries, together with all of its assets. In return the El Paso would receive 24,000 shares of common Southern Pacific stock with a par value of \$24,000 and five per cent collateral trust bonds having a par value of \$29,654,000.

## TWO STATE POLICE DESIGNED

(By the Associated Press)

Charlottesville, Va., Sept. 7. — Two men have been discharged from the West Virginia state police because of their "crude knowledge" concerning the whipping of Herbert Barker, a youth, by a hooded mob in Boone county August 22. R. K. Barker, known today through a statement issued by Jackson Arnold, superintendent of the department. The names of the two discharged from the force were not revealed.

## THIRTEEN FROM BUREAU: KILLED

Dunkirk, Sept. 7. — Paul Strassburg, Buffalo, was killed at the Chautauque county fair grounds this city, this afternoon, when his horse threw him. He was riding out a horse for the coming fair race.

## Klansmen at Funeral of Herrin Victim

Brother members of the Ku Klux Klan turned out in full regalia, hoods and everything, for the funeral of Charlie Willard, one of the men killed in the gun battle in Herrin, Ill., between forces of Sheriff George Galligan and assorted klansmen. Here the klansmen are seen entering the cemetery.

## BRAZIL JOINS IN ABRITRATION PLAN OF LEAGUE

**Main Difficulty of Assembly is Intricate Problem of Harmonizing Conflicting Views of Procedure**

(By the Associated Press)

Geneva, Sept. 7. — Brazil has joined with the other nations in dedicating herself to the determination expressed before the League of Nations assembly henceforth to make compulsory arbitration the foundation of international law and the very basis of human society. At a dinner given in honor of all the delegations by Alfredo Mello Franco, former Brazilian minister of the interior, this international commitment was hailed as marking a new era of international relations.

There is, however, in Geneva tonight no illusion. Everybody realizes clearly that the hardest road is yet to be traveled, for the assembly must solve the intricate problem of harmonizing the conflicting views as to how obligatory arbitration can be made acceptable.

England stands practically alone in wishing to divorce it from military sanctions and penalties. By the side of France almost all the other nations have accepted the principle of compulsory arbitration, security, and disarmament are one and indissoluble. Tomorrow begins a week when this great problem will be attacked in the assembly's commissions.

A review of the first week of the assembly, which many orators characterized as one of the greatest gatherings in the history of mankind, shows that despite the divergence of views as to how best to rebuild the structure of international society, good will, conciliation, and fraternity between people dominated the entire discussion.

## FIRPO RELEASED ON \$1,000 BAIL

**Free to Fight Wills as Hearing on Charges Not Scheduled Until Week From Today**

New York, Sept. 7. — It was a dejected Luis Angel Firpo that the 12:45 p. m. ferry took from the Battery to Ellis Island yesterday. But when this same ferry landed this same passenger back at the Battery at 2:20 o'clock his demeanor was apparently gone. The South American heavyweight even permitted himself the luxury of a smile. He was and is free to fight William Williams next Thursday night.

The warrant for the arrest of Firpo, who had been brought to New York by the office of Commissioner Thomson by his attorney, a brother of the boxer against the Boston fight, was for September 12 and he was released in \$1,000 bail to be on the scene of the fight. Firpo had brought \$5,000 in unregistered liberty bonds to the island.

## TWO CHARGES IN WARRANT

Tex Richard, promoter of the coming fight, expressed himself as pleased at the outcome of the proceedings and said he believed that Firpo would be vindicated of the charges against him.

The warrant also contains two charges—sedition for immoral purposes and making false and misleading statements before the special board of inquiry on the day of Firpo's arrival last July from the Argentine. If he were found guilty of these charges the penalty would be deportation. Canon William Sheafe Chase, who has led the fight for Firpo's deportation, alleges that the promoter brought a libelous charge against the United States' Key West, last year and that he lived with her in this city on the upper West Side.

## MAN DIES UPON CENTRAL TRAIN

**Said to Be Official of Bricklayers' Union—Sustained Fractured Skull**

## TREATED IN OHIO

**Coroner's Verdict Finds Death Due to Fall—But \$1.50 Found in Pockets**

Syracuse, Sept. 7. — Mystery surrounds the death of a Denver, Colo., man whose body was taken off the Lake Shore limited train when it reached the New York Central station here this morning. The man was described by traveling companions as William Ryan of 1,322 Downing avenue, Denver, an official of the Bricklayers' union.

County officials are puzzled over the case. A big question mark looms after the stated cause of Ryan's death. Authorities tonight failed to determine whether the death of the Denver man was due to an accident, which is the version given by persons who accompanied him, or whether he was robbed and beaten into unconsciousness, resulting in death from the fracture of the skull. Only \$1.50 was found in the pockets of the man.

The body of Ryan was shipped back to Denver late today after the coroner's office decided that the cause of death was a fracture of the skull caused by a fall.

Associates of Ryan who accompanied the body to a hospital and then to a morgue, continued their journey to Saratoga Springs late this afternoon, but in view of the conflicting statements as to the circumstances of the man's death, it was thought likely the bricklayers' union in convention at Saratoga Springs would order an investigation.

Officials stated here that in view of the fact that Ryan was treated by a physician at West Cleveland, O., jurisdiction over the case is placed with the Ohio authorities.

The statement of the conductor of the train on which the fatality occurred was not available here tonight. Ryan is survived by a widow and daughter at Denver. He formerly resided at Cheyenne, Wyo.

## KIDNAPPED BABY LOCATED; POLICE QUESTION WOMAN

New York, Sept. 7. — Frederick Magliano, five months old, who was kidnapped from his carriage in front of his home yesterday, was found this afternoon. Detectives of the East 67th street station who had been searching for an all-night search, brought in for questioning a woman who described herself as Rose Marie Gutierrez, 27, mother of two infant baby girls.

According to the police, the woman said that she saw two girls mistreated by a man in the street and took them from them. Two witnesses of the kidnapping, however, told the detectives that the Gutierrez woman is not the one who snatched the baby.

## ARMENIANS WOULD EXPLOIT MT. ARARAT; SEEK CAPITAL

(By the Associated Press)

Erzurum, Armenia, Sept. 7. — Efforts are being made by a group of Armenians, headed by Leon Dashalov, secretary of the Armenian national committee at Geneva, to interest American capitalists or amusement promoters in a plan to exploit Mt. Ararat, upon which Noah's ark is supposed to have grounded when the floods began to recede.

The project contemplates making Mt. Ararat a tourist resort. The plan is to erect a funicular railway up the slopes of Ararat, the mighty snow-capped summit of which is an altitude of 17,400 feet above the sea level. The line between Armenia, Turkey and Persia.

## STATE FAIR OPENS TODAY

Syracuse, Sept. 7. — Leadership of New York's many lines of agriculture and products of manufacture will be demonstrated at the 44th annual fair of the New York state fair, which opens today and continues throughout the week. For the opening day of the exposition, which is conducted by the state of New York, Lieutenant Governor Egan and Police Commissioner Richard E. Knight of New York are scheduled as speakers.

## DEMONSTRATIONS TO APPEAL CASE

Albany, Sept. 7. — Fifteen men, including Maurice and Joseph J. Sandoz, charged with slaying two West End bank managers in Brooklyn, made plans today to place their fate in the hands of the court of appeals, which now sits in session in Albany, the latter part of this month. All the prisoners have been confined to death cells from three months to a year.

## COOLIDGE CONFERS WITH F. O. LOWDEN

**No Confirmation Available That Latter May Head New Agricultural Committee**

Washington, Sept. 7. — President Coolidge conferred again today with Frank O. Lowden, former governor of Illinois, with regard to the proposed report of the commission he expects to name shortly to investigate agriculture. Late in the day, Mr. Lowden left for home without commenting on reports that he might be chairman of the commission, and no comment was available at the White House.

Mr. Lowden, who has been taking an active interest in agriculture and in problems of the farmer, arrived in Washington yesterday, going immediately to the White House to discuss with the President, at the latter's invitation, details of the proposed inquiry.

The President in his speech of acceptance said he would appoint a commission to conduct an investigation with a view to working out a permanent agricultural program. The report will be submitted to congress.

After the appointment of the commission is announced, Mr. Coolidge is expected to resume study of the report of the tariff commission on which he has a majority of the commission. He has no speaking engagement until two weeks from today, when he will address the Holy Name convention here.

## WALES TO WELCOME AMERICAN FLYERS

**Ambassador Esme Howard, However, Will Represent Great Britain at Mitchell Field**

Sydney, Sept. 7. — The Prince of Wales probably will accompany Sir Esme Howard, the British ambassador, to Mitchell field tomorrow afternoon to welcome the round-the-world flyers. It was said today at the home of James A. Burdick, his vacation residence, since Sir Esme will appear in an official capacity in behalf of the British government, he and not the prince will be the king's representative; thus the prince will be able to avoid any deviation from his resolve to appear only in his personal and private role on the present visit.

The prince did only a moderate amount of dancing at the party at the Clarence H. Mackay home in Roslyn last night. Dancing did not start until nearly midnight, and the prince left at 3:30 o'clock.

The hundred-acre Mackay estate was heavily guarded during the party. A few uninvited persons drove up in limousines and tried to "crash the gate." Some succeeded, there being more than 1,000 guests.

## WRITER'S BODY FOUND ON ROCKS

**Edward Bokwood Thought to Have Fallen in Darkness After Party**

Pittsfield, Mass., Sept. 7. — The body of Edward Bokwood, short story writer of this city, was found this afternoon on rocks below a bridge on a road leading to the summer home at Lebanon Springs of Henry R. Rice, Pittsfield merchant, where he had been one of a party last night. His skull was fractured.

None of the 15 prominent Pittsfield men who made up the party last night could explain the death today. They went to the Rice farm, off the main Pittsfield-Albany road, in two automobiles. The drivers of each car thought that Bokwood returned in the other machine and it was not until afternoon today that search was begun.

## MAN LEAPS INTO NIAGARA; BROTHER IDENTIFIES COAT

Syracuse, Sept. 7. — Dr. Frederick H. Flaherty, surgeon and university professor, returned tonight from Niagara Falls, where he identified as belonging to his brother, William H. Flaherty, 34, of Chittenango, a coat and hat dropped on the bridge 200 feet above the falls Saturday night when the owner plunged to his death and was carried into the mainroom of the cataract.

Although muzzled and at a loss to account for his brother's act, Dr. Flaherty was forced to abandon the last shred of doubt that it was his brother who placed in a pocket of the overcoat a note reading:

"Please notify newspaper and authorities at Syracuse, N. Y., and then jump from the bridge."

## WOMAN SUSPECT HELD

Elmira, Sept. 7. — Five months ago Mrs. Florence Greene, a guest at the Madison Square hotel, New York city, reported to the hotel management that jewelry valued at \$4,000 and valuable wearing apparel had been stolen from her room. Today at Elmira, Heckler, a nephew of this city, Captain John H. Vaughn, chief investigator for the Hotel Association of New York city, arrested a woman giving her name as May Green, said to be Mrs. Samuel Greene, local police say the woman admitted taking the jewelry and clothing. She is held to await the arrival of a member of the New York city police to take her to that city to answer to a charge of grand larceny. The woman had a mountain coat valued at \$1,000. A brooch with 10 diamonds also was located in the room she occupied.

## AVIATORS LEAVE FOR NEW YORK IN AFTERNOON

**Spent All Day Sunday in Placing of Wheels Under Planes—May Be in Seattle Within 10 Days**

## WILL CIRCLE CITY

**Fliers, However, Will Depart on Tuesday, Probably for Washington and Thence Across the Continent**

(By the Associated Press)

Boston, Sept. 7. — The army airmen who have only to cross this continent to complete their flight around the world, by working from sunup to sundown today, have their planes on wheels again for the short hop to New York tomorrow.

"It should be plain sailing from now on," the flight commander, Lieutenant Lowell H. Smith, remarked, adding that although no new itinerary had been worked out, it was expected to make the series of flights to Seattle inside of 10 days.

Sunday was just another day of work for the fliers, and they showed in constant personal attention to details here the same spirit of sticking to the job until it was done that brought notice from airmen abroad.

Major A. Stuart MacLaren, the British flier, whose attempt to girdle the globe met with failure, spent much of the day with them, exchanging ideas as the American officers tested a wire, pumped oil into bearings, buckled on a new under carriage, or swapped off plane surfaces.

Leave for New York this afternoon. With everything ship-shape for tomorrow's flight, Lieutenant Smith said the world cruisers would take off from the Boston airport at noon for New York to arrive at Mitchell field at 2 p. m. They will fly first to Providence, Rhode Island, then on to New London, New Haven, and Bridgeport, and along the shores of Long Island sound to New York. They will circle over the city to the height of about 2,500 feet, then swing back to Mitchell field, L. I.

The world fliers will be preceded by an aerial cortege of three planes, headed by Major General Thomas W. Patrick, chief of the navy air service.

They will stop in New York only over night, probably moving on to Washington Tuesday. The exact route to be followed to Seattle is still uncertain. The world cruisers will stop at Dayton, O., Chicago, St. Joseph, Mo., and Omaha, Neb. Thence they will fly either to North Platte, Neb., or Cheyenne, Wyo., and the route to Seattle will be worked out accordingly.

Men Touched by Greeting.

The army air service is considering proposals for disposition of the planes to the cities for which they were named, but it was said another request that the flag plane Chicago be presented to the Smithsonian institute as an historical exhibit was under consideration also.

An impromptu officers' mess was arranged in a hangar when it was found that the fliers were not going to take advantage of General Patrick's suggestion of a "day off" and they sat down to army chow with Major H. A. Darge and officers of the airport. They were back on the job again in a few minutes and it was close to 7 p. m. before they left their "ships" for their hotel.

The world fliers were so much impressed by the reception they received here yesterday, when 40,000 persons named on the army airport field to meet them, that they cried, Major Darge said today that three of the men wept as he escorted them to a speaking stand.

## HYMAN DEWIES BIG WELCOME BY CITY

New York, Sept. 7. — Mayor John F. Hylan, in a proclamation issued tonight, designated tomorrow as "air welcome day" in honor of the returning round-the-world fliers, who will circle over the city before going to Mitchell field. The mayor called upon all those who can arrange to go so to stop work for the few minutes suggested that whistles be blown and flags waved in honor of their accomplishment.

Despite the publicity that was given the aviators until tomorrow at 3 o'clock, thousands of persons made their way to Mitchell field today by automobile, train, or trolley. Roads in the vicinity of the port were badly congested with motor cars.

## THREE DOPE FIENDS

City Police Department Cared for Three Many Cases on Friday, a Record for Oneonta.

Oneonta ordinarily does not have much trouble with dope addicts, but on Friday there were three cases brought to the attention of the local police department. A number believed to be a record for this city. One of the numbers was sent to the County Jail for two months where he may be under the care of a doctor in the hope of banishing the habit, another was given a "shot" and sent on his way, while the third had a supply of the drug and was given fifteen minutes to leave the city.

James Reynolds was the man who expressed a desire to secure medical attention, and he was committed to the county jail by Judge VanWert, who felt that his chances of breaking the habit were good.

William Long of Buffalo was acting in a peculiar manner about the city Friday afternoon and he was picked up for observation. He was found to have the morphine habit, strongly fixed, and he had been without the drug since Friday morning which accounted for his physical condition. He was given attention by a physician and sent on his way in much better spirits.

Officer Farone of the D. & H. force noticed a very nervous man about the station Friday evening and kept him under observation. He left the main room of the station for a few minutes and when he returned he was a changed man. So Officer Tamsett was shown the man, whom he arrested for examination.

He had a small supply of drug when he was questioned at police headquarters, and Sergeant O'Dell, who was in charge, was glad to see the man leave the city.

## Meetings Today

## LESTER WHITNEY INJURED

SURFACES CRITICAL INJURIES WHEN CATASTROPHIC OVER MIDDLE ROAD OF MO. TORCH

Injured Man Displaying Wonderful Acute and Vitality and Improvements in Condition Reported at Mid-night—One Eye Gone and Skull Shattered by Wreck—Mrs. Arthur Bates Escapes with Minor Bruises

Lester V. Whitney of Oneonta street sustained critical injuries Saturday afternoon about 4:30 o'clock while driving his motorcycle on the Otsego road a short distance below his home and was taken at once to the Fox hospital, where at midnight this morning it was stated that his condition had somewhat improved and where he is receiving both nursing and nursing by the vitality he is showing under conditions which with any other a fatal termination are this would have been anticipated.

There is believed to be a double fracture of the skull at the base and the left side of the face about the eye is crushed badly, so seriously in fact that it bears little resemblance to a human face, with the eye completely destroyed and with the wound exposing a stable portion of the brain. There are so far as the surgeons can discover no injuries to the organs of the trunk and the heart is beating about as normally as if nothing had happened and Mr. Whitney has been perfectly conscious from the time of the accident up to midnight. In fact early last evening Mr. Whitney told his brother, Milton, who called upon him, that he was not suffering from headache and that "if the nurses would give their consent, he would go home with him."

Mr. Whitney was first attended by Dr. Marsh who dressed his injuries Saturday evening and later Drs. Cutler and House have been in attendance. One of the surgeons is quoted as saying that the man had one chance—that being the Whitney luck—and vitality which both Lester and his brother William have shown when sustaining what was considered fatal injuries formerly.

Mr. Whitney had brought Mrs. Arthur Bates, residing near his home, to the business section on errands and upon returning she had expressed pleasure with the ride in the sidecar of his motorcycle and he had taken her on down on the Otsego road for a little spin. While returning toward the city and when in the dip just below the Frank Bissell place the tire on the side car blew and the vehicle headed for the bank. Mr. Whitney was unable to pull it back into the roadway and when he found this impossible he applied his brakes. They set tightly and he was thrown over the handlebars and the machine fell upon him, causing his injuries. In some inexpressible manner Mrs. Bates, who is a woman in advanced years, escaped with only some minor bruises.

Mr. Whitney is a man about 45 years of age and resides with his mother, Mrs. Doris Whitney, at the family home on Oneonta street. He is well known to many. His case is without a parallel and were it not for his name his chances of recovery would be slight, according to the surgeons.

## ANOTHER DRUNKEN DRIVER

Frank Wiscomb of This City Arrested at East End on Charge Following Accident in Which He is Involved

Frank Wiscomb, a resident of the Gardner hotel, suffered a badly cut nose last evening at about 7:15 o'clock when the car which he was driving turned out near the residence of Justice F. A. Murdock following a slight collision, and then he was arrested on a charge of driving an automobile while intoxicated and held in the city jail last evening to await arraignment this morning at 10 o'clock before Justice Murdock.

It is said that there were six members of the Wiscomb party when the car overturned, but the others could not have been seriously hurt, for they soon disappeared and were not to be found last evening. One was reported to have a slight cut over one eye, but none of the others were noticed to have been hurt.

Wiscomb was driving toward Oneonta in his Ford touring car and just behind the machine of Raymond Burgett of 52 Burnside avenue, this city. Burgett stopped, not very quickly according to the reports of witnesses, and Wiscomb ran into the left rear fender of his car, causing only slight damage, but overturning his own car. It was fortunate that all were not seriously injured, and perhaps quite fortunate that they made their escape so easily.

## AN ENDURANCE RUN

Motorcyclists of Poughkeepsie Visit Oneonta Yesterday Morning

About twenty-five motorcyclists belonging to members of the Poughkeepsie Motorcycle club made an endurance run yesterday, leaving their home city at 2 a. m. and coming via Albany, to Oneonta, and returning home via Stamford and the Catskills. The first motorcycles reached Oneonta at about 10 o'clock and the last a half hour later, on the main street of the Wilkesville Service station, 354 main street. The contestants left about 11 o'clock for Kingston and were scheduled to arrive in Poughkeepsie at 5 o'clock. In addition to the regular checking stations, there were also several secret checks along the route.

## AMEN SUNDAY BASEBALL

CITY COUNCIL VOTED PERMITS FOR AND ENJOY THEY ACTED IN GOOD FAITH

Following Publication of Mr. Kilgus's Opinion Aldermen Hold Conference and Decide Not to Interfere With Games—Opposition Expresses Belief That Necessary Step to Legality Was Not Taken but Fall in Efforts to Secure Arrangements

There is still considerable divergence of opinion in Oneonta regarding the proposition of Sunday baseball in spite of the fact that two games were played yesterday afternoon, and action on the playing of the games is promised by opponents of the movement. While no arrests or proceedings were instituted during the progress of the game, still those who oppose Sunday ball, point out that prosecution may be started any time and that such action will probably be taken this week and before the game of next Sunday.

Following the publication of the opinion of State Attorney Kilgus in The Star of Saturday, an informal meeting of the Common Council of the city, together with Mayor Bolton and city Attorney Huntington was held Saturday afternoon, and while no complete record of the sentiment of the meeting is available, Mayor Bolton, speaking only as presiding officer of the council, stated last evening that the consensus of opinion was that the council had acted in good faith and that the games which have already been scheduled should be played.

Last evening one of the opponents of Sunday baseball was interviewed by a representative of The Star and he summed up the proposition from that angle as: "We feel confident that Sunday baseball in the city of Oneonta is against the law, and on that count feel that the city administration, under no pretext at all, should countenance the playing of such games. The fact that nothing was done about the game of yesterday does not show that we are backward. The attention of the city officials in The Star and through other channels. There is an apparent buck-passing in the administration, and in some manner we propose the law be enforced."

So there you are.

Perhaps a more detailed explanation of the phases of the question would prove interesting.

Position of the City Administration.

The position of the city administration may best be noted through the explanations of Mayor Bolton, whom it was agreed should speak regarding the informal meeting of the Common Council, not for himself, but as a spokesman for the council, and Donald H. Grant, police attorney of the city.

Mayor Bolton said that it was the feeling of the Common Council that it had acted in good faith in permitting the three games of Sunday baseball in the city of Oneonta, confident of its right, and that thus far no authority had determined that the council was at fault in granting the permission. No direct opposition to the legal action of permitting the playing of baseball had been brought to the attention of the council until through The Star of Saturday, and at that late hour the council could not break faith, even had it seen fit, with the athletic association.

A warrant was requested yesterday morning for the arrest of those participating in the game by W. E. Fiske of this city, but Mr. Grant, of whom the request was made, stated that no warrant in anticipation of a crime could be issued, that the police department would consider the action of the Common Council sufficient until it had been proven otherwise, and that the proper procedure for an interested citizen opposed to the playing of the game would be to make the arrest himself, taking the responsibility for false arrest, and to turn the prisoner over to the police department, a procedure used in questionable cases. So, since this was not done, Mr. Grant felt that the opposition to Sunday ball did not feel justified in that action.

## "HELLO GIRLS" EAT CLAMS

At Annual Outing of O. & D. Employees at Otsego Lake Saturday

All employees of the Otsego & Delaware Telephone company in the entire territory covered by the company lines who could be spared and not impair the service to patrons for the time, numbering in all about 90 people, were in attendance at an outing and clam bake held at Otsego lake on Saturday. The Oneonta contingent, which of course was much the largest, motored to Cooperstown and joined those coming from other points at the lake front at 1 p. m.

At that hour they all embarked on the Mohican and went to Three Mile Point, where a fine clam bake was served under the direction of Mr. Hubbard, which was partaken of with keen enjoyment and satisfaction. Later all re-embarked on the Mohican, which had been chartered for the day by the company, and a trip around the lake was taken and it afforded much pleasure to all, the afternoon proving pleasant and the ride delightful.

On returning to Cooperstown the party went to Doubleday field, where a game of ball was played, sides being chosen and those not playing becoming coaches, rooters or rascals, as they chose. The official scorer lost out in an effort to keep track of all the scores and it was said last evening that the tabulation had not yet been completed. About the only information obtainable last evening relative to the game was the fact that the stellar features of the encounter were the pitching of Bert Smith and the hitting of J. J. Ernest.

The company, in addition to chartering the boat, provided the clam for the feasting and a participating voted the day one of much pleasure.

## ASSOCIATION NEEDS \$4,000

Annual Congress for Funds for Family Social Work Projects Commences Today—Constructive Program Outlined by Organization

Today opens the yearly financial canvass of the Family Social Work association and its officers have issued a letter addressed to citizens of the city who are assumed to be interested in maintaining a welfare service which will fill the necessity that exists, asking for contributions for support of the work for the coming year, announcing that it hopes to carry out a new and more constructive program and will require a larger budget to do so. This budget has been fixed at \$5,000, of which \$4,000 must be raised by public subscription.

The letter, in part, is as follows: During the past year the secretary of the association, Miss Blake, serving as parole officer of the city of Oneonta and as court attendant of the Juvenile court, has done a great deal to meet the problem of delinquency in the city. Every woman and child who comes within the radius of the police department activities has been cared for by her, and she has done careful follow-up service on all court cases of this character. In addition to the official work the organization has continued its family department, caring for and doing preventive work with families in trouble. During the last year 27 families have been cared for by the Family Social Work association.

Under the auspices of the association, the State Commission for Mental Defectives has maintained a monthly clinic at the Community house. Eighty backward children have been examined during the year, recommendations made and carried out for the improvement of their physical condition, and through the introduction of the special class in the city schools, many of these children have been given special educational opportunities.

After great efforts, and thanks mainly to the cooperation of the Oneonta Rotary and Kiwanis clubs, the dream of an Oneonta day nursery and lodging house for girls has become a reality. The house at 20 Fonda avenue, which will have full facilities for the care of children and girls, will be open by the 15th of September, and should be of lasting service to the city. The secretary will, herself, act as matron of the house and will give close personal supervision to all its departments.

During the next year the new house should be firmly established and its activities developed. This in addition to the established functions of the association constitute a heavy program, but beyond this the organization has undertaken at the request of the state commission for mental defectives, greatly to increase the scope of the educational clinic.

This year we come to you with a certain confidence that you will help us. We feel that we have done something to prove our worth to the city, but it remains to be seen how far people are willing to go to help us. We must consider the contributions this year as an index of our worth, because the extent of the work is determined by the amount of support we receive. Each contributor may feel that he is doing his share of a constructive welfare program.

Nothing better, purer or more delightful to the taste has ever been served by any hostess than Kippnokie Orange Pekoe tea. advt 51

## MRS. I. V. WALLING DEAD

Entered Resident of Oneonta Succumbed to Shock—Funeral Tuesday.

Mrs. Ida Vander Walling, widow of the late Erasmus Walling, died at the home of her son, Alva E. Walling, 1214 Erie street, where she had resided for four years, Saturday evening at 11:30 o'clock, as the result of a shock which she suffered Thursday afternoon. She had not been in the best of health and had suffered paralytic strokes for several years.

Funeral services will be held Tuesday afternoon with Rev. Dr. C. B. Pendleton of the Main Street Baptist church officiating, from the home at 1:30 o'clock and from the Main Street Baptist church at 2 o'clock. Burial will be made in Riverside cemetery.

Mrs. Walling was born in Albany county October 5, 1855, the daughter of Myndert and Elizabeth Vander Walling. She was united in marriage with Erasmus Walling about 40 years ago and came to Oneonta to live, he being a member of a pioneer Oneonta family. For thirty years, and until his death August 5, 1913, they lived on a farm near the upper reservoir of the city water works.

About nine years ago, Mrs. Walling removed to Oneonta where she did domestic nursing until failing health required her retirement. She was an active member of the Oneonta church and the Main Street Baptist church, and was a devoted and loving wife and mother. She was possessed of a wide circle of friends who will join others in sympathy to the family.

Surviving Mrs. Walling, besides the son mentioned, are two grandchildren, Kenneth A. and Francis S. Walling, and one sister, Mrs. Carrie Cross of 84 Center street.

## FUNERAL OF MRS. COBINE.

Services for Young Oneonta Woman Held Yesterday from Home.

Funeral services for Mrs. Arthur E. Cobine were held yesterday afternoon at 2 o'clock from the family home at 47 Main street with Rev. L. C. Denney of St. James' church officiating. Burial was made at the Plains cemetery.

The bearers were Luther Smith, E. L. McIntosh, Harvey Dean, and A. D. Black. Among the many beautiful floral pieces sent for the service were ones from the Maryland Mercantile, the Oneonta Telephone company and employees, and the D. & H. roundhouse employees.

Among those from out of the city in attendance at the service were Mr. and Mrs. John H. Jones, Mr. and Mrs. R. B. Safford and children, and Mr. Carl Hubbard of Maryland; Mr. and Mrs. Alfred Pennington of Sidney; Mr. and Mrs. Charles Dickinson and Mrs. Harlan Miles of Oneonta; Mr. and Mrs. Norton Glick, Mr. and Mrs. Norton Marshall and children, Mrs. Crawford, and Mr. and Mrs. Harry Elliott of Millford; and Mr. and Mrs. Elias Hopkins of Franklin.

## GRANDMAN'S DAY AT BINGHAMTON

Binghamton Rotary to Entertain Offspring on Wednesday.

Binghamton Rotary club has been planning for some time to entertain a number of clubs of that organization and these in turn have returned the favor. The Binghamton Rotary have arranged to entertain a number of members of all these clubs at an outing on Friday day to be held at 10 a.m. which that city on Wednesday of this week and a goodly number of Oneonta Rotarians are planning to attend. Among the clubs invited are those of Oneonta, New York, Clinton, Greene and Oswego and also those at Cooperstown and Colchester. At the children are to speak of the importance of these two having been guided into the Rotary circle by Oneonta.

Ball games are to be played, in which Oneonta is to be represented by the Oneonta team. There are to be athletic and other contests with an attractive offering of games. The team will be served at noon with a buffet and at night, R. S. Wooten is expected to give a lecture on the importance of the local community. The team is being for a three day tour from Oneonta.

"Edith" Page Entertained to Town Girl. Word has been received by Mr. and Mrs. Thomas Wilson of the fact that the entertainment of Edith N. Page, Jr., formerly of Sidney, at the home of Mrs. George A. Page, Jr., in the town of Oneonta, was a great success. The wedding was expected to take place in December of this year at Oneonta.

Mr. Page, better known as "Edith," will have the congratulations and best wishes of a host of Oneonta friends.

## JUDGE CHOSEN CHAPMAN

Popular Pastor of Chapel Church Honored by State American Legion Convention.

Rev. J. A. Judge, pastor of the Chapel Universalist church of this city, whose activity in behalf of and interest in the American Legion and its members is well known, was significantly honored by the department of New York state of that organization in a convention at Alexandria Bay last week, when he was chosen chaplain of the department by unanimous vote.

At the opening of the convention it appeared that there would be three names presented to the convention for the office, but before the convention reached the point of balloting for the office no helpful had been the presence of Captain Judge and so great was his popularity among the delegates in attendance with all the counties represented that his nomination was made by Rev. Father Henry of St. Lawrence county and seconded by Rev. Father Quinn of Lewis county. The two men whose names it had been expected would be presented as opposing him. From dispatches from Alexandria Bay state that his election was made by the adjutant casting one ballot, after one of the highest tributes ever heard in an American Legion convention.

Chaplain Judge, since his return from Alexandria Bay, when asked to confirm his election said that he had accepted the position which he honestly did not seek, but which he could not decline after his friends had placed him in it. He expressed himself as deeply grateful for the honor accorded, and especially so to the county members of the organization for their efforts in his behalf and also to the Legion members in the counties of Delaware, Schenectady and Rensselaer for their hearty support.

## DEATHS.

Mrs. Belle Smith Bartholomew.

Mrs. Belle Smith Bartholomew, wife of Charles D. Bartholomew, died at the family home, 3 Stapleton avenue, Friday evening after an illness of three years, the last year of which she had been confined to her bed. Death was due to heart failure. Funeral services will be held Monday afternoon at 2 o'clock from the home with Rev. Dr. E. J. Farley of the First Baptist church officiating. Burial will be made in the Plains cemetery.

Mrs. Bartholomew was born at Liberty in 1856. She lived there until her marriage 27 years ago at Susquehanna, after which she lived there for five years. Twenty-two years ago the family removed to Oneonta which has since been their home.

Mrs. Bartholomew has many friends who will extend their sympathy to the family. She was a member of the Baptist church.

Surviving, besides her husband, are three brothers, Charles Smith of Neversink, Peter Smith of Sulphur Springs, and Otis Smith of Hamden, N. J., and two sisters, Mrs. Alva Slater of Millford and Mrs. Della Brundage of Hamden, N. J.

Mrs. Charles L. Wilcox.

Intelligence has been received by Oneonta friends of the death on Friday last at Doraville of Mrs. Charles L. Wilcox, formerly and until about five years ago a resident of this city.

The funeral services will be held at that place on Tuesday at 11 o'clock and the body will be brought to this city for interment in the family plot at Glenwood cemetery.

Mrs. Wilcox, whose maiden name was Etta Bedford, had been in poor health for a couple of years. She suffered a shock a week ago yesterday, which caused her death. Her age was about 61 years and she is survived by her husband and Carl Bedford of Oneonta, the latter being a nephew. Numerous friends here will learn with regret of her demise.

## FUNERALS

George Loucks.

The funeral of the late George Loucks, the victim of the unfortunate accident at the First Baptist edifice last week, was held from his late home on Church street Saturday evening at 7:30 o'clock, his pastor Rev. Dr. Farley officiating. The body was taken to Brooklyn for interment.

There were floral pieces from the senior barack class, the carpenters with whom he worked on the church and the church society. The out of town friends who came to attend the obsequies here included: Mr. and Mrs. Frank Barham and daughter of Kingston, Samuel Bronner of Summit, N. J.; Mr. and Mrs. Schenckhorn, Mr. and Mrs. H. H. Harkness, Mr. and Mrs. Theodore Robinson, all of Grand George; Mrs. Charles Parker, and Messrs. George and Claude Parker of Lexington; Clarence Parker of Jewett; Mr. and Mrs. John Rogers of Hunter; and Mr. and Mrs. Whitney and Samuel Loucks of Westkill.

To New York For Burial.

Well-attended funeral services for the late George W. Loucks were held Saturday evening from his late home, 47 Church street, Rev. Dr. E. J. Farley of the First Baptist church, officiating and the body, accompanied by Mrs. Loucks and her brother, S. S. Brunker, was taken Sunday to New York city, where a prayer service will be held and interment made.

ANIMAL ACTS  
FROM BIG CIRCUS

State Fair's New Feature Will  
Include Some of the Best  
Artists in Country.

## TRICK ELEPHANTS HEADLINER

While the State Fair at Syracuse all this week will not have a circus under canvas, it will have many of the acts that go to make the country's best three-ring circus. In fact, nearly all of the acts to be shown have had a place with Barnum & Bailey and Ringling Brothers shows, which will give some idea of the character of the entertainment to be offered free to State Fair visitors.

When you speak of Robinson's military elephants it is accepted that the reference is to the very best elephant act and that is at the treat in store for fair patrons. The only successful polar bear act is that which just went through the country with day stops in the larger cities, and the State Fair management was fortunate enough to secure that also.

To obtain an engagement at the New York Hippodrome you must be a top-notch in your line, and all that needs to be said about Walla and Bart, the "Barnage Smashers," is that they were secured for the State Fair from the Hippodrome. It is one of the best comedy circus acts in the country.

Boring under state regulations has a big following and the "Knights of the padded ring" are steadily increasing in number. But as yet there are no girls in the ranks so the Hippodrome management decided to go to Europe for girl boxers. What are said to be the five best girl boxers in Europe were secured and they will perform at the fair.

Every big circus now has pretty dancing girls and the "State Fair Circus" will be no exception. It has secured the twelve Leonora Steppers, said to be the twelve most beautifully costumed dancing girls before the public.

The slack wire act will be supplied by Josie Jordan, wire artist of international fame, and probably the most beautifully costumed performer in the business.

John Anek's "brewery horses" will make the State Fair Circus live long.

America Outranks Rest of World  
in Hydro-Electric Power Reserves

By Milton Bronner.  
(N.E.A. Service Writer.)

London, Sept. 7.—The United States is the world's greatest storehouse of hydro-electric power. The United States has more available hydro-electric power than any other nation in the world.

Hydro-electric power, engineers estimate, is the future power. The United States already has developed more than any other nation in the world, and it can develop greater quantities than any other nation in the world.

At present, the United States is producing 10,000,000 kilowatt hours of hydro-electric power annually. This is more than any other nation in the world.

Great Britain is the only other industrial nation capable of greatly increasing its electrical output. But even at that, the United States has almost four times as much power available.

In 1921 the United States produced 10,000 kilowatt hours against 4,000 for Great Britain, 4,000 for Italy and 2,000 for Switzerland.

It is estimated that the United States has a potential hydro-electric power of 100,000,000 kilowatt hours annually. This is more than any other nation in the world.

It is also estimated that the United States has a potential hydro-electric power of 100,000,000 kilowatt hours annually. This is more than any other nation in the world.

MACEDONIA IS  
FOR REPUBLIC

Story of Conditions There  
Told by Emigrant From  
the People.

New York.—A story of conditions in Macedonia, which he ascribes to Serb and Greek domination, has been brought to this country by J. Chikaroff, representative of the Union of the Macedonian Organizations of Bulgaria for the United States and Canada, who arrived here from Sofia recently.

Mr. Chikaroff said he represented approximately 450,000 Macedonians in Bulgaria, who are members of 94 fraternal organizations, 34 societies of youths, a score of benevolent associations and others. He expects to bring his message of Macedonian hopes to the 20,000 natives of that country in the United States.

"In order to understand the causes of the unruly situation in the Balkans and especially in Macedonia, the country which has always been the apple of discord among the Balkan neighbors, one must not forget her struggle for liberty and political independence during the period of the Turkish domination, and the present-day policy of her new conquerors, Serbs and Greeks," he said.

"Many years ago the Macedonian people began a bloody revolutionary war, which has lasted already more than a quarter of a century, and this caused on several occasions the European chancelleries to move, and finally in 1912 the Balkan alliance was formed against the Turkish empire. Unfortunately, the first Balkan war, and the following fratricide among the Balkan allies culminating in the Treaty of Bucharest of 1913, instead of creating an independent Macedonia in accordance with the wishes of her people, and thus to establish a permanent peace in the Balkans, divided the country between the three belligerents, Serbia, Greece and Bulgaria. This actually made the Macedonian crisis worse.

Errors Are Kept Up.

"The last European war which radically changed the map of Europe and which gave us the great principles of self-determination of Woodrow Wilson, did not bring to the Macedonian question its deserved political solution. Macedonia, at that time, was waiting day and night to see those principles applied to her people, so that the latter may be able to freely determine their wishes as to the future of their country. But the Treaty of Peace of Neuilly (1919) seconded the grave errors committed by the Treaty of Bucharest.

"It is true that the great victorious powers imposed upon the governments of Serbia and Greece a treaty for the restoration of Macedonia which was supposed to guarantee the minimum of political, civil and national rights of the Macedonians. This treaty has now become as valueless as a scrap of paper. The Serbian and Greek governments instead of creating a normal regime in Macedonia as soon as they reoccupied the country after the great war closed by force more than 1,400 Bulgarian-Macedonian schools with 80,000 pupils and more than 4,000 teachers, which were devotedly supported and financed by the local population; seized the Macedonian churches, libraries and cultural institutions; burned all Bulgarian books and killed or banished from the country all of the Macedonian intelligentsia. Nor was the fate of our other compatriots, Turks and Rumanians, in Macedonia a better one. The heavy fetters of the Serbian and Greek tyranny are to be found today on the doors of the closed Rumanian and Turkish schools and public libraries in Macedonia.

In addition to this policy of the Serbian and Greek governments, which is directed against the moral and intellectual institutions of the Macedonian people, following the practice of former Turkish governments, they began to use new means and methods in order to artificially change the ethnographic character of the country; they resorted to a policy of colonization. Today Serbian and Greek authorities deport the native Macedonian population, plunder their property and distribute same among colonists brought from Danub and Asia Minor. To have an idea of the terrible picture one must visit the thousands of recently arrived refugees, flying from Macedonia into Bulgaria, a country economically poor, and see their tortured bodies burned with hot irons or boiling oil.

"There are two further reasons which aggravate the situation in Macedonia. First, there is a Serbian and Greek administration, whose officers are alien to the people; notorious corruption and sheer force are the only rules in the country, and it seems that the whip is their constitution. One could find out proofs of this by reading Serbian and Greek newspapers. Secondly, the newly created political frontiers tore away the economic bonds between Macedonian cities and districts. Serbian Macedonia has no outlet and is gradually dying. Greek Macedonia has no 'hinterland' while the remaining part of Macedonia—under Bulgarian authority—has neither sea nor any outlet of land communication with the interior of that country, and for this reason is in a worse condition. The political and economic situation in Macedonia is a disadvantage of the Balkan peninsula, the only one of its kind in the world. Her people do not know how to move the mountain peaks, the rivers are dried up, the mountains are being the town. Pashas and Pashas are rising on her ruins. Russia, France, England and many other towns are sharing the same fate.

British Next.

Great Britain is the only other industrial nation capable of greatly increasing its electrical output. But even at that, the United States has almost four times as much power available.

In 1921 the United States produced 10,000 kilowatt hours against 4,000 for Great Britain, 4,000 for Italy and 2,000 for Switzerland.

It is estimated that the United States has a potential hydro-electric power of 100,000,000 kilowatt hours annually. This is more than any other nation in the world.

It is also estimated that the United States has a potential hydro-electric power of 100,000,000 kilowatt hours annually. This is more than any other nation in the world.

It is also estimated that the United States has a potential hydro-electric power of 100,000,000 kilowatt hours annually. This is more than any other nation in the world.

the Macedonian people remains quiet? With their country torn into pieces could they forget the thousands of men sacrificed for the liberty and independence of Macedonia, ever since the days of the Turkish regime? Who could deny the right of the Macedonians to struggle for existence? Who could forbid the Macedonians the fruit of their labors so that the latter may not be plundered by Serbian and Greek authorities and the Macedonian girls and brides may not be insulted by the same?

"And the Macedonian did exactly as an American, Frenchman or an Englishman would have done. The whole people were frightened by the terror of the new tyranny and rose up to protest.

"Banished from their own country, the Macedonians found refuge in Bulgaria, America, Turkey and Rumania, where they formed strong organizations whose aim is by legal means to obtain liberty for their country. The Macedonian emigrants in all lands, who number more than half a million souls, proclaimed their faith in the traditions of past generations and now appeal continuously to the human conscience of the civilized people in the world for the creation of Macedonia into a free country.

Old Revolutionary System.

"Meanwhile in Macedonia proper, after denying the people all rights of

carrying a legal political struggle or forming a national political group in the parliament of Belgrade and Athens, they resorted to the only possible action by creating now the old secret revolutionary organization with its own postal service, courts, militia and efficiently armed military forces, with its own educational and economic policy—in other words, representing a true state organization, mysterious, yet powerful and democratic in spirit, whose ideals are the creation of an independent Macedonia with equal rights for all of her different nationalities, with Salonki as her capital.

"The Macedonians are neither big and nor breakers of the laws governing public order and safety, when they are ready to sacrifice their lives for the triumph of their ideals, when they gladly go to die in order to defend their wives and children, when they calmly meet death in order to save Macedonia. And in their struggle for right and freedom the Macedonians hope that they may receive the support of all civilized nations and all liberty-loving people."

#### Pointers on Buying a Used Car

Right through the year new cars are being bought and old cars either sold or traded in. During the fall and at the beginning of spring, however, is the best time to buy a used car, for at these seasons of the year there are always a very large number of used cars on the market and you therefore have a better selection to choose from. The first thing I want to point out is that there is a great deal of difference in the procedure followed when buying a new car to that when buying a used car.

When you buy a new car, you know positively that it is in perfect mechanical condition and the principal points you consider are price, general appearance, riding qualities and power.

When you buy a used car, general appearance, although it is important, takes second place to the mechanical condition of the car. It is a comparatively simple matter to slick up the body finish and paint the running gear and make a used car look nearly as well as a new car. But if you only knew the condition of that car under the hood and could know in advance the grief its owner is going to cost for repairs, you would quickly decide that when buying a used car, outside appearance is not quite so important as the condition of the engine and running gear.

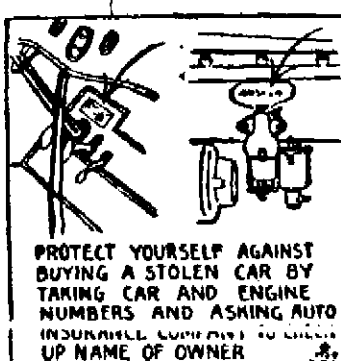

There are many bargains to be picked up in used cars IF YOU KNOW HOW TO PICK THEM. There are many tricks the owner of a used car can use to conceal defects, but a systematic examination and test will protect you against most of them. The trouble is that the average man when buying a used car does not make a careful enough examination and judges the car more on outside appearance and the claims made by the owner.

In buying a used car the first question to decide is—from whom will you buy the car, a private owner or a dealer. My advice to you is buy from a dealer, a responsible dealer and preferably one that handles new as well as used cars. For some reason a number of people are suspicious of a dealer and think they can buy a used car much cheaper from a private owner than they can from a dealer. This is not so, for generally the private owner sells his car "as is" while the dealer carefully examines the cars he sells and puts them in good running order. The term "as is" is one you should thoroughly understand if you are thinking of buying a used car.

When you buy from a private owner, you buy "as is" or in other words if the car has been doped up in some way or has some defect which was concealed or temporarily repaired for the demonstration, you have no come back, for you had a chance to examine the car before you bought it. Once the seller has your money and you have his car, the transaction is concluded.

When you buy a used car "as is" it is more than probable that within a very short time you will have to start spending money replacing worn parts. When a reputable dealer takes a used car in trade, he has it overhauled in his shops and put in first class condition and all worn parts replaced.

If you want a used car in good mechanical condition, therefore, the best place to go for it is the dealer. The best dealer to buy a used car from is the dealer who also sells the same make of car new. When he sells a car, either new or used, his reputation is behind it. When you want service or parts, you know you can always get them.

Another risk you run in buying a used car from a private owner you do not know, is that of getting a stolen car. Thousands of cars are stolen every month by thieves who make a business of it, and it happens every day that a car bought from some unknown person has to be returned to its rightful owner. If you DO buy a car from someone you do not know, before you pay for it take the car and engine numbers and ask some insurance company to look it up for you. They will be able to tell you whether the person selling the car is the rightful owner and at the same time can give you the exact age of the car. The engine number is usually stamped on the right side of the crank case while the car number is usually stamped on a plate placed on dash under hood or on top board.

It is always good policy to ask for a bill of sale describing the car fully, its age, condition, and guarantee and for how long it is guaranteed. The usual period covered by a guarantee is 90 days. During this time it is possible to thoroughly test out the car and discover any defects and have them remedied before the guarantee expires. Buying a car in this way you usually pay a little more, but it is worth it.

Next week I shall give you detailed instructions showing how to make a systematic examination and test of a used car to find out just what kind of condition it is in.
